

CE8/9 Project Outline and Grading

More Project Ideas:

Products/Projects you can do that related to career exploration:

1. **Board games** related to career education or a career you're interested in
2. **Interviewing** and presenting one person's life (or a few people's lives - perhaps people who have had contrasting careers or a career you are interested in)
3. **Create a newspaper** (with interviews, adverts, advice columns, crosswords, etc).,
4. **Create a mini film or documentary.**
5. **Animation / stop motion animation.**
6. **A survey** (people in grade 12, at university and who are early on in their careers),
7. **Build something cool** – Science Technology, Engineering, Mathematics
8. **Learn a new skill** -
9. Document the success or challenges you have already faced while: getting a job, investigating a possible career choice.

Schedule:

Today: Tell Mr. Walzl what the plan is!

Feb. 5th Present your idea and a brief plan to the class with (and work on project)

Feb. 12th Show Mr. Walzl Progress

Feb. 19th Present progress to Class

March 11th Present progress to the Class

Grading:

This project will be graded and used to formulate a final grade for this course

Here is what you should be focusing on:

- **Presentations:** prepared, well communicated,
- **Progress and planning:** Are you working in class? Bring the stuff you need? Worked outside of class time?
- **Final Product:** Relevant? Meaningful? Demonstrates Career or Personal development/learning?
